

Future Scope: 2019-2020

The vision and mission of the college is to bring the rural students in flow of global education specially girls students. By keeping this in mind, college is planning to introduce the M.Sc. organic chemistry and M. A. Economics in upcoming year. Hon. Management and Hon. Principal of our college is always motivate to teacher for research activity. Hence in upcoming year, college is also planning for registration of Chemistry and Botany department as research laboratory. To encourage the faculty actively participate in conference, workshops, symposium & faculty programme. Also encourage the faculty to publish their research papers in reputed journals. College is also planning to arrange the national or state level conference, workshops or symposium. Also college kindly concentrate towards the enhancement of library by purchasing the more books so that more students have to obtain the library facilities to improve their knowledge through book bank.

For the overall development of rural students college planning:

To arrange the cultural programmes

To arrange the lectures for encouragement of rural students in competitive examinations.

To impart value based education through socio-cultural activities

To create cultural and nation loving citizens

To arrange the different extra curriculum & cultural activities such as street play for different awareness programme towards the society.

Our college is situated in rural area & most of the peoples are from farmer and farm labors. So college is planning to arrange the special programme to farmers.

In College vision and mission, special attention towards girls students. So college tries to arrange the different programmes such as Self defenses “ Karate workshops”, health & hygiene programmes, also arrange the programmes for women’s in society with the help of “Bachat gat”.

The Mentoring Programme that has been initiated by the College has also made a positive impact especially on the personal development of the students.
